EXCEPTIONAL WASHING SOLUTIONS

UNIKON offers the solution

UNIKON has been supplying **washing and drying machines** worldwide since 1968. Thanks to these years of experience, we understand the **specific needs** of your branche. We develop, manufacture, sell and service industrial washing machines and dryers **worldwide** from our site in Barneveld, the Netherlands.

With a machine from UNIKON you not only clean hygienically but also **environmental friendly**. Our machines use considerably less water, chemicals and energy and are 100% recyclable.

T-1200 Cabinet Washer

The T-1200 is a compact cabinet washer that allows you to wash a wide variety of products. The machine is very user-friendly thanks to the easy-to-operate swinging cover with gas springs. This allows you to load and unload the machine from three sides. As not every pollution needs the same washing programme, the time of the washing cycle and the washing temperature can be adjusted. If your company needs a compact but powerful all-rounder, the T-1200 is an ideal machine. The T-1200, like every UNIKON machine, consists only of A-quality parts and is 100% recyclable.
